DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicant's representative, Attorney Mike Sanderson on January 3, 2007.

The application has been amended as follows:

Claim 16 has been cancelled and incorporated into Claim 15.

Claim 15 has been amended as follows:

---Claim 15 (Amended)---

An inkjet printhead having a body, comprising:

a heater chip on said body;

a nozzle plate on said heater chip, said nozzle plate having a plurality of nozzle holes; an encapsulant bead on said nozzle plate, wherein said encapsulant bead has a leading edge less than about 500 microns from said any of said plurality of nozzle holes; and

a tape on said nozzle plate covering each of said nozzle holes, said tape not touching said encapsulant bead.

Allowable Subject Matter

2. Claims 1-15 and 17-29 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or suggest the claimed "encapsulant bead having a leading edge ... said leading edge being less than about 500 microns from a closest one of said plurality of nozzle holes" as set forth in claims 1, (newly amended) 15, and 26 and the claimed "encapsulant bead having a leading edge ... said leading edge being less than about 400 microns from a closest one of said plurality of nozzle holes" as set forth in claims 7 and 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
